# ABOUT ME

I'm Kobe, a 27 year-old creative originally from Harrogate, now based in cheshire. I'm a self-taught designer...if I don't know how to do something, I'll dive in and figure it out!

Over the years, I've held various jobs in sales, hospitality, insurance and retail, but my passion for design always followed me. Whether it was creating flyers, logos, or websites for friends and family, the desire to improve and create never left me.

I went fully self-employed in January 2023, and since then, I've built a successful creative marketing agency with now two employees that has grown entirely through word of mouth.

I've had the honour of working with incredible people, including 2024's BBC The Apprentice winner, and clients featured in Vogue, Marie Claire, Vanity Fair, Selfridges, and Fortnum & Mason.

My mission is simple: to create stunning, impactful designs that leave a lasting impression. I'm excited for the future of Kobe & Co. Creative and the amazing projects ahead!

# HOW IT WORKS...

- Initial Consultation: We'll start with a meeting (in-person, video, or phone) to discuss your needs and goals.
- Tailored Plan: I'll provide an estimate for the time required and offer both monthly retainer or hourly rate options.
- Flexible & Responsive: I'm always available via WhatsApp or phone, ensuring quick responses and flexibility for urgent tasks.
- Clear Communication: I work transparently, and minor adjustments are often done free of charge.
- Invoicing: Invoices are sent monthly, with payment due within 7 days. No contracts - maximum flexibility.

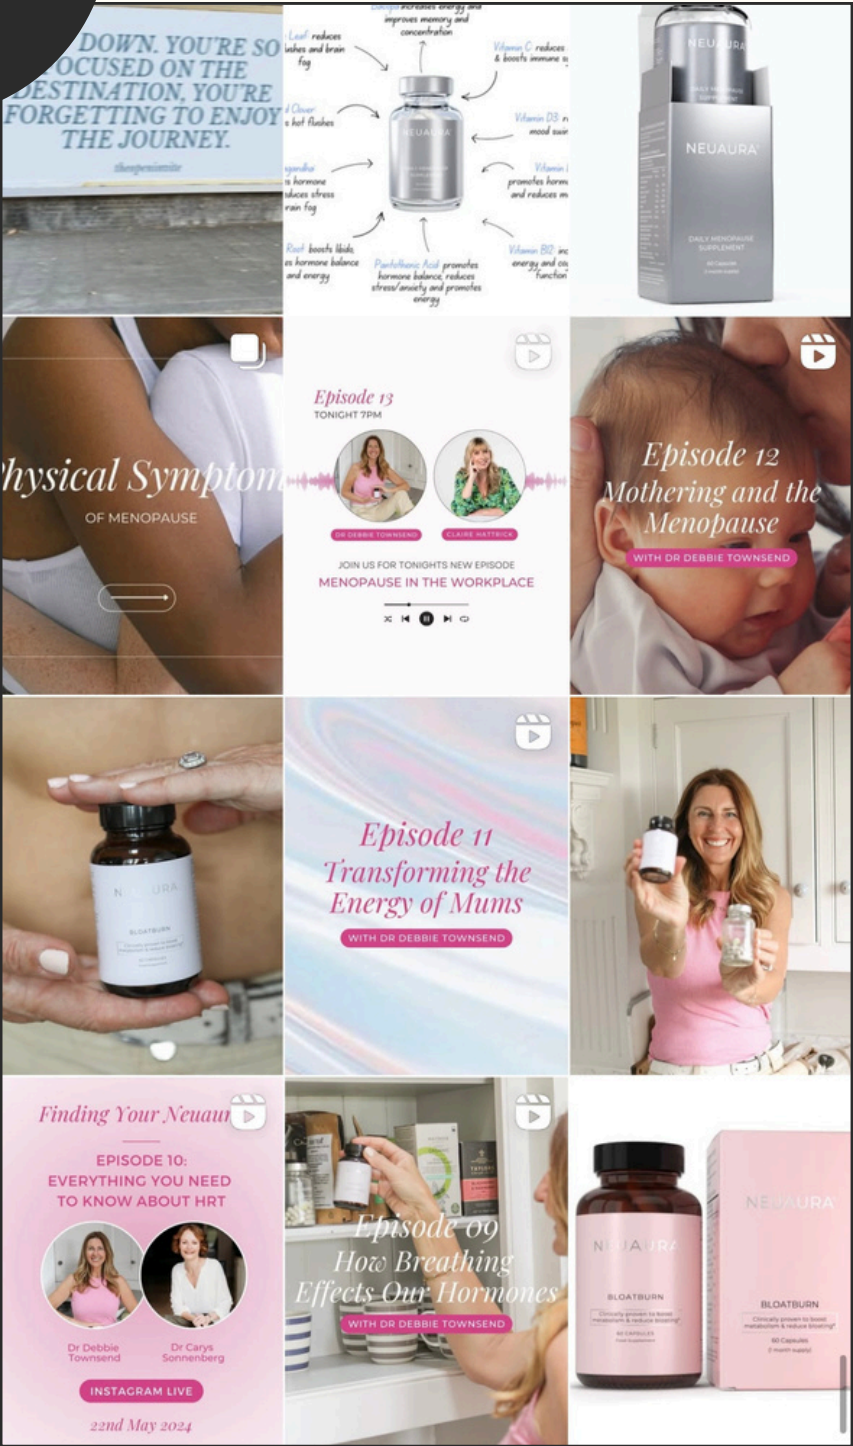

# SOCIAL MEDIA

Your online presence is a part of your business and brand that needs to be on point. You only have 7 seconds to make a first impression before someone clicks off your account and moves on so people need to understand in seconds who you are, what you do, what you can offer them and really get a feel for what your brand stands for.

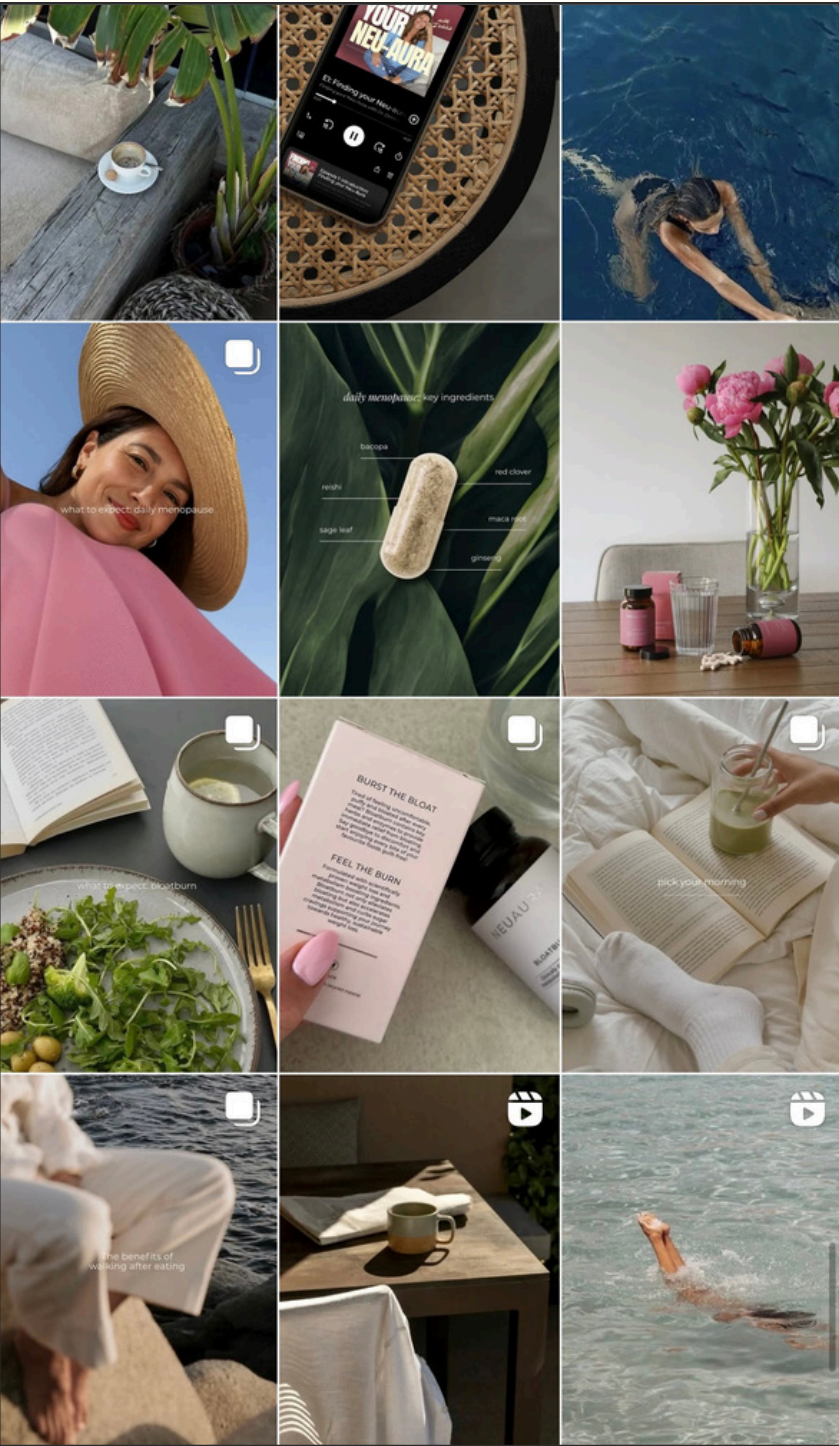

Here are some before and after Instagram feed redesigns I've worked on with my clients.

# LOGO DESIGN

A well-designed logo is vital for effective branding, representing a company's identity and price point.. It conveys the essence of the brand and fosters immediate recognition, making it easier for customers to identify a business in a crowded market.

A good looking and well thought out logo can communicate trust and credibility, establishing reliability and quality which can lead to sales.

# WEBSITE DESIGN

Starting from £1500

A clean, user-friendly website is crucial for converting visitors into sales and serves as a brand asset you can be proud to showcase.

An effective website not only enhances user experience but also reflects the professionalism and quality of your brand, putting confidence in potential customers.

While website design is one of my most requested and premium services, it represents a valuable investment in your business's success. Compared to market rates, my pricing is incredibly reasonable considering the quality and impact of the final product. If you're interested in elevating your online presence, please don't hesitate to enquire.

## ABOUT *bianca*

I've been passionate about health and fitness since the age of three, which led to a professional career as a dancer and aerialist touring internationally from 2007 to 2017. After earning my BA (Hons) in Dance and Musical Theatre, I transitioned into fitness, qualifying in STOTT PILATES, Pre and Postnatal Pilates, Advanced Mat, Personal Training (NASM), and more.

Now, as a mum, I completely understand how precious time is - and how important it is to still feel good in yourself after having a baby. That's why I created this online studio: to give you the flexibility to move, strengthen, and reconnect with your body from home, at your own pace.

With over 15 years of teaching experience, working in top studios and training clients including Millie Mackintosh and Rosie Huntington-Whiteley, my classes are designed to challenge, energise, and leave you feeling strong, lean, and empowered!

If you have any questions, please reach out.
